MOYSE'S HALL MUSEUM IN DETAIL

Step back in time as you enter the **UNDERCROFT**, beneath the Gothic arches dating to around 1180. Explore early objects and architecture - your first glimpse into the rich history of the museum.

If you have any questions, feel free to pop by our staff in this area for more information.

The **WEST GALLERY** possibly dates to the early 1100s. Highlights include the 13th-century Chronicle, the nearly 1000-year-old Fornham Sword, and the stunning 7th-century gold Pyramid Jewel.

In the **PASSAGEWAY**, meet our resident T-Rex, Teddy, and explore how dinosaurs have roared into popular culture through films, toys, and books.

The **REGIMENTAL GALLERY** tells the story of the Suffolk Regiment, showcasing nearly 300 years of history. Explore their significant role in key moments of national military history, from triumphs to tragedies.

Step into the darker side of history in our **CRIME & PUNISHMENT GALLERY**. Don't miss one of the few gibbet cages on display in the country, a book bound in human skin, and a rare Witch's Puppet—gripping evidence of the harsh justice and beliefs of the past.

Please note: This gallery contains material that some visitors may find disturbing. Visitor discretion is advised.

CURIOSITY CORNER focuses on the sky part of Prehistoric Beasts: Land, Sea, Sky. Here, you'll meet Colin the Cockerel and learn about our size comparison system, the Colin Scale.

In the **EDWARDSON ROOM**, dive into prehistoric seas to explore fascinating marine reptiles such as the Plesiosaur. This space reveals the incredible life that once thrived beneath the waves during the age of the dinosaurs.

The **GREAT HALL** is transformed to showcase mighty land-dwelling dinosaurs like Tyrannosaurus and Triceratops. Once used as prison cells when Moyse's Hall was a Bridewell, the hall still features the original prison door between the Great Hall and the Solar, creating a dramatic setting for these prehistoric giants.

The **SOLAR** was once the private quarters of those who first inhabited the building. Today, it houses the Gershom Parkington Horology Collection, representing nearly every major English clockmaker, along with a small selection of fine art.
